The recipients will receive the awards from President S R Nathan, the Chief Scout of Singapore.

The citation for the recipients read:

"The President's Scout Award and the President's Guide Award are presented to our nation's most all-rounded Venture Scouts and Girl Guides in recognition of their excellent performance, dedication to the movement and service to the community. The award represents the pinnacle of achievement for these Venture Scouts and Girl Guides and indicates their preparedness for a lifetime of service to God, nation and all mankind."

The tremendous support these recipients have received from the schools, the Principals, their Venture Scout Leaders / Guiders and parents has made it possible for them to overcome the rigours of various stringent tests in order to attain this Award. Those who make it to the Award should be held up as role models for other Scouts & Girl Guides to emulate.

SSA and GGS congratulate all recipients of the Awards for having overcome their own odds and achieving the respective award.
